How to Learn English Well

English is an important language. It can help us open the door to the world. But how can we learn English well?

First, I think we should listen to the teacher carefully and take notes in class. We should speak English as much as we can. Don’t be afraid to make mistakes. Second, we can read some English newspapers and magazines after class. Finally, we can keep English diaries.

It’s easy to learn English well if we work hard at it.

Giving Pandas a Good Life

What animal has 6 fingers and wears a black and white coat? Yes, it's the panda! Pandas are so popular because they are cute and shy. They are also friendly to people. They like eating bamboo. They like sleeping very much.

We all know that pandas are endangered. For one thing, people cut down lots of trees so they have terrible living conditions. For another, they die of illnesses easily and it's difficult for baby pandas to live without proper protection.

I hope our nation can build more natural panda homes. Also, everyone should treat them as our friends and protect their homes.
